

Peake Technologies, LLC

Trusted Partnership through Trusted Solutions

Peake prides itself on its integrity, professionalism and knowledge of the IT/AV/Security industry and its constant changes. We market and deliver the best in class manufacturer solutions through industry leading wholesale distributors to help meet the demand by our contracting partners, design consultants and end-user clients.

BELDEN produces a comprehensive portfolio of connectivity and networking products into a variety of markets, including industrial, enterprise, and broadcast. Belden adds value to its highly differentiated, high-performance products through unsurpassed design and engineering, manufacturing excellence and customer service. In conjunction with its partners, these core strengths enable Belden to create end-to-end signal transmission solutions that meet the most demanding standards for data, sound, and video applications. **(End-to-End Copper/Fiber solutions: DataCenter /Enterprise for IT/AV/Security/IOT)**

NETSOURCE is an industry leader in Network Copper, Fiber and Audio Cords and Pre-Term assemblies. NetSource manufactures custom military cable assemblies and military wiring harnesses in a variety of styles and configurations. Our military cable assemblies can consist of Flat Ribbon cable, RF coaxial, High temperature cables, Data-comm, Hybrid Communication cables, Over-molded Military cables or Ruggedized Military cable assemblies. **(Patching/Pre-Terminated Copper/Fiber/CoAxial solutions)**

SUMITOMO's dedication to the advancement of fiber optic technology and exceptional service to the customer — then and now — has positioned Sumitomo Electric Lightwave as a recognized leader in the innovation, design, development, and manufacturing of advanced and integrated end-to-end solutions for data center, enterprise, and communication network customers. **(High Density Optical Solutions, Splicing solutions/ splicing equipment)**

The over 30 years' experience of **BASOR ELECTRIC, S.A.** in the industrial electrical installation industry makes them a leading manufacturer of cable trunking systems for large and small-scale engineering works. Basor is a leading supplier of industrial cable management systems both in Spain and internationally. **(Wire Basket & Cable tray solutions)**

CAMBRIDGE SOUND The World Leader in Sound Masking. Sound masking is the process of adding background sound to reduce noise distractions, protect speech privacy and increase office comfort. Sound masking is an ambient sound, similar to the sound of airflow, that's specifically engineered to the frequency of human speech you can target conversational distractions and make them less distracting. **(Sound Masking)**

OPTICAL DESIGN MANUFACTURING ODM provides simple and portable fiber optic test kits for wireless, wireline, and broadband network applications. ODM provides test technicians and contractors with high-end hardware and software to guarantee industry standard compliance in fiber optic-based telecommunications. **(Optical Fiber Inspection/ End Face inspection and cleaning)**

SOFTING a manufacturer of IT infrastructure measurement technology is to optimize your work processes whether you are certifying copper and fiber optic cables after installation with the WireXpert, or troubleshooting an office network with the NetXpert Ethernet network tester. Softing handheld certifiers and testers are approved by 30 plus vendors. **(Copper/Fiber Certification Testers)**

SANS TECHNOLOGY is a leader in the Data Storage Market, providing custom solutions tailored to our customers needs. SANS Technology services customers in all market segments including Enterprise Solutions, Security and Surveillance Solutions, and Big Data Indexing Solutions. **(Video & Data Storage /Management solutions)**

SURECALL specializes in the design and manufacture of cell phone signal boosters, amplifiers and accessories. SureCalls's flagship product line of FCC-approved cell phone signal boosters enhance the range and reception of almost any cellular transmission, including voice or 4G data. **(Cellular Enhancement solutions)**

MINIRAQ is a leader in vertical wall mount server rack enclosure holds 400 lbs. of rackmount equipment in a vertical orientation. Safely deploy DVR's, NVR's, PoE switches, servers, disk storage and UPS systems in small closets or unsecure locations. **(Secure Wall Mount racking solutions)**
